

Table of Contents

Chapter 1 Purpose and Need	1-1
1.1 Introduction	1-1
1.2 Project Setting and Overview	1-2
1.3 Existing Roadway System	1-4
1.4 Purpose and Need for Action	1-8
1.4.1 Traffic Flow and Congestion	1-9
Chapter 2 Conceptual Alternatives.....	2-1
2.1 Introduction	2-1
2.2 Adding Lanes to Existing Highway	2-1
2.2.1 High Occupancy Vehicle(HOV) Lanes	2-2
2.3 Transportation Demand Management Strategies	2-5
2.3.1 Rail Transportation.....	2-6
2.3.2 Bus Service.....	2-7
2.3.3 Park and Ride Facilities	2-8
2.4 Transportation System Management Strategies	2-9
2.5 No-Build Alternative	2-9
Chapter 3 Affected Environment	3-1
3.1 Topography, Geology and Soils	3-1
3.2 Surface Water Resources	3-5
3.2.1 Watersheds.....	3-6
3.2.2 Lakes and Ponds	3-9
3.2.3 Streams and Tributaries	3-11
3.2.4 Wild, Scenic, or NH Designated Rivers	3-14
3.2.5 Essential Fish Habitat	3-14
3.3 Floodplains	3-15
3.4 Groundwater Resources	3-20
3.5 Farmlands	3-24
3.6 Wetlands	3-32
3.6.1 Delineation of Wetland Resources	3-33
3.6.2 Compensatory Wetland Mitigation Sites	3-38

3.7	Vegetation and Wildlife Habitat	3-41
3.7.1	Existing Resources	3-42
3.7.2	Aquatic Life	3-45
3.7.3	Vernal Pools.....	3-45
3.7.4	Rare, Threatened, and Endangered Species	3-48
3.8	Air Quality	3-55
3.8.1	Introduction	3-56
3.8.2	Mobile Source Analysis.....	3-56
3.8.2.1	Emissions: Mesoscale Analysis	3-56
3.8.2.2	Microscale Analysis	3-57
3.8.3	Model Predictions	3-58
3.9	Noise	3-59
3.10	Demographics	3-60
3.10.1	Population	3-60
3.10.2	Housing.....	3-63
3.10.3	Employment.....	3-63
3.10.4	Wages.....	3-70
3.10.5	Unemployment Rates	3-73
3.11	Existing Land Use.....	3-74
3.11.1	Salem.....	3-74
3.11.2	Windham.....	3-75
3.11.3	Derry	3-75
3.11.4	Londonderry	3-78
3.11.5	Manchester	3-78
3.12	Zoning.....	3-79
3.12.1	Salem.....	3-79
3.12.2	Windham.....	3-82
3.12.3	Derry	3-83
3.12.4	Londonderry	3-84
3.12.5	Manchester	3-85
3.13	Public Utilities	3-86
3.13.1	Salem.....	3-86
3.13.2	Windham.....	3-86
3.13.3	Derry	3-87
3.13.4	Londonderry	3-87
3.13.5	Manchester	3-87
3.13.6	Other Utility Services.....	3-88
3.13.7	School Bus Routes	3-88
3.14	Community Environment	3-88
3.14.1	Community Facilities.....	3-88
3.14.1.1	Salem	3-89
3.14.1.2	Windham	3-93
3.14.1.3	Derry.....	3-94
3.14.1.4	Londonderry	3-95
3.14.1.5	Manchester.....	3-96
3.14.2	Public Parks and Recreation Land.....	3-98
3.14.2.1	Section 4(f) Lands	3-98

	3.14.2.2	Section 6(f) Lands	3-100
	3.14.2.3	Manchester Open Space Lands.....	3-101
3.15		Aesthetic and Visual Resources.....	3-101
	3.15.1	Resource Features	3-101
3.16		Future Land Use/Proposed Development: Potential Cumulative and Secondary Impacts.....	3-103
	3.16.1	Area Commuting Patterns	3-103
	3.16.2	Area Population Projections.....	3-108
	3.16.3	Salem.....	3-108
	3.16.4	Windham.....	3-113
	3.16.5	Derry	3-114
	3.16.6	Londonderry.....	3-116
	3.16.7	Manchester	3-117
3.17		Cultural Resources	3-118
	3.17.1	Regulatory Overview.....	3-118
	3.17.2	Historic/Architectural Resources.....	3-122
	3.17.3	Archaeological Resources	3-134
	3.17.3.1	Prehistoric Resources	3-134
	3.17.3.2	Historic Resources	3-136
3.18		Potential Hazardous Materials Sites.....	3-141
	3.18.1	Summary of Findings.....	3-143
3.19		Transportation	3-151
	3.19.1	Traffic Data Collection	3-151
	3.19.1.1	Origin - Destination Survey.....	3-152
	3.19.1.2	Travel Time and Delay Study	3-154
	3.19.1.3	Vehicle Occupancy Counts	3-156
	3.19.1.4	Vehicle Classification	3-157
	3.19.2	Traffic Volumes.....	3-157
	3.19.3	Accident Statistics	3-175
	3.19.4	Geometric Deficiencies.....	3-176
	3.19.5	Infrastructure Deficiencies	3-181
	3.19.6	High Occupancy Vehicle (HOV) Facilities.....	3-182
	3.19.7	Transportation Demand Management.....	3-182
	3.19.7.1	Park-and-Ride Lots	3-182
	3.19.7.2	Ride-matching	3-184
	3.19.7.3	Transportation Management Association Initiatives (TMA)	3-185
	3.19.7.4	Bus Transit Services	3-186
	3.19.7.5	Rail Transit Services	3-189
		Chapter 4 Issues and Constraints.....	4-1
4.1		Introduction.....	4-1
4.2		Summary of Environmental Issues.....	4-1
	4.2.1	Soils	4-2
	4.2.2	Surface Water Resources	4-2
	4.2.3	Floodplains.....	4-2
	4.2.4	Groundwater	4-3
	4.2.5	Air Quality.....	4-4

4.2.6	Noise	4-4
4.2.7	Wetlands	4-4
4.2.8	Vegetation and Wildlife Habitat (Terrestrial and Aquatic)	4-5
4.2.9	Rare, Threatened and Endangered Species	4-5
4.2.10	Socio-economic Impacts	4-6
4.2.11	Hazardous Materials	4-6
4.2.12	Cultural Resources	4-6
4.2.13	Secondary and Cumulative Impacts	4-7
Chapter 5 References.....		5-1

Figures

1-1	Regional Location Map	1-5
1-2	Origin/Destination Study Results	1-6
3-1	Soils Map	3-3
3-2	Surface Waters.....	3-7
3-3	Floodplains	3-17
3-4	Groundwater Resources.....	3-21
3-5	Farmlands	3-26
3-6	General Wetlands	3-34
3-7	Field-Reviewed Wetlands And Biological Resources.....	3-36
3-8	Land Use.....	3-76
3-9	Zoning.....	3-80
3-10	Community Facilities	3-90
3-11	Cultural Resources.....	3-120
3-12	Potential Hazardous Material	3-144
3-13	Monthly Variations.....	3-158
3-14	Average Annual Traffic Growth.....	3-159
3-15	Peak Hour to ADT Relationship.....	3-160
3-16	1997 Existing Conditions AM Peak Hour.....	3-162
3-17	1997 Existing Conditions PM Peak Hour.....	3-164
3-18	Level of Service Summary 1997 Existing Conditions AM Peak Hour	3-168
3-19	Level of Service Summary 1997 Existing Conditions PM Peak Hour.....	3-170
3-20	Rail Corridors	3-190

Tables

1-1	I-93 Average Daily Traffic (1997 & 2020)	1-10
3-1	Farmland Soils - Rockingham County.....	3-28
3-2	Farmland Soils - Hillsborough County (Eastern Part).....	3-30
3-3	Wildlife species that the Audubon Society of New Hampshire considers of management concern, and likely to occur in the Study Area.....	3-43
3-4	Federally-listed threatened and endangered wildlife species that may occur in New Hampshire.	3-50
3-5	Federally-listed, threatened, and endangered plant species that may occur in New Hampshire.	3-50
3-6	Documented occurrences of state-listed threatened and endangered plant and animal species in the vicinity of I-93 from Salem to Manchester according to New Hampshire Natural Heritage Inventory (NHNHI) Files.....	3-52
3-7	Population.....	3-62
3-8	Total Housing Units	3-64
3-9	Housing Units – By Type	3-65
3-10	1990 Average Annual Employment	3-66

3-11	1990 and 1996 Average Annual Employment.....	3-68
3-12	1990 and 1996 Average Weekly Wages-Private Employment.....	3-69
3-13	Average Weekly Wages	3-71
3-14	Average Unemployment Wages	3-72
3-15	Community Facilities in the Interstate 93 Study Area and Vicinity	3-89
3-16	Public Parks and Recreation Areas Section 4(f) Properties and 6(f) Lands in the Study Area and Vicinity.....	3-100
3-17	Other Public Resources in the Interstate 93 Project Vicinity	3-102
3-18	Selected Commuting Patterns.....	3-105
3-19	Major Manufacturing (30 or more employees) by Locations	3-106
3-20	Population Projections by Age Cohort	3-111
3-21	Population Projections by Sex	3-112
3-22	Population Projections by Town.....	3-112
3-23	Pre-1950 Potentially Historic Properties in Survey Area	3-124
3-24	Historic Archaeological Sites	3-137
3-25	Key to Abbreviations used in Tables 3-26, 3-27 and 3-28	3-146
3-25	New Hampshire Department of Environmental Services Waste Management Division "CERCLIS" Sites Within I-93 Corridor	3-146
3-27	NHDES Waste Management Division List of RCRA Generators Within I-93 Corridor.....	3-147
3-28	Groundwater Protection Bureau List of Sites Within I-93 Corridor.....	3-149
3-29	Vehicle Occupancy Summary	3-156
3-30	1997 Base Year Traffic Volumes	3-161
3-31	1997 Existing Conditions Freeway Segment Analysis Summary.....	3-166
3-32	Interchange Analysis Summary 1997 Existing Conditions	3-172
3-33	Comparison of 1997 AADT's to Sub-Area Model Traffic Assignments.....	3-173
3-34	1997 & 2020 Average Weekday and Design Hour Volumes (No Build)	3-174
3-35	Accident Summary (January 1995 - December 1999).....	3-175
3-36	Road Design Criteria	3-178
3-37	New Hampshire Park and Ride Lots	3-183
3-38	1999 Concord Trailways I-93 Corridor Ridership.....	3-188
